
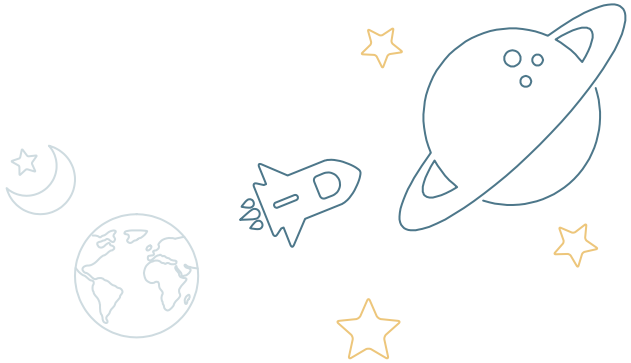
DO 7 - Submission 4

17 May 2017 - Class Assignment



Dashboard

- CEO
- Maintenance

Why we have chosen this Dashboard Style

- KPI - Key Performance Indicators that CEO and Maintenance Team require are different.
- Business and Operations perspectives are varied using the different styles.

CEO - Dashboard

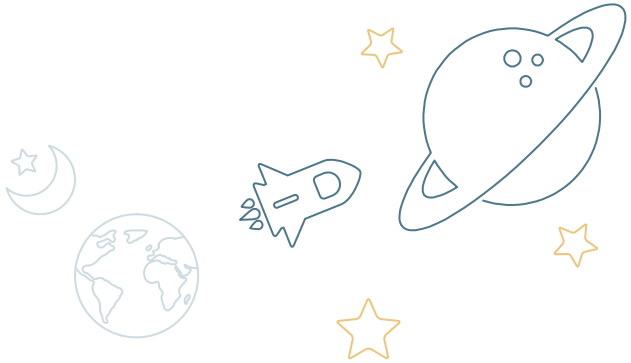
- New users Registered per week
- Revenue generated - week, month, quarter
- Users per Country
- Accounts deregistered per Day

Maintenance Team - Dashboard

- Users Online
- Feedbacks in last hour
- Games Created
- New Users Registered
- Complaints log per Day - Received, Resolved

Problems faced while developing the Dashboard

- What kind of KPI's does a CEO require
- Which values could help the maintenance team to maintain the app properly



FEEDBACK

“Feedback” from our team perspective is an opportunity for the Organization or any Person who is receiving it, to know what they need to improve, enhance and also understand the user interests and know their own strengths.

Thank You!
